

ONE DAY SOFT SKILLS TRAINING PROGRAM

A one day soft skills crash training program was conducted at Jeppiaar Engineering College in association with Computer Society of India on 19th July 2013. The team from VEE FORMATION conducted the training program. The program was scheduled into 2 sessions. Morning session was handled by Mr. Vamsi a certified soft skills trainer who has trained over 5000+ students in 5 years and has created training module for many leading MNCs.

The session focused on: Communication Skills, Body Language and Team work. Communication is a must tool for working anywhere today. The types of communication were elaborated with activities. Participants keenly listened about importance of team work in an organization following which a team activity was performed in which all students formed into teams performed.

The next session was handled by Mr. Meyyappan, training head at VEE FORMATION. He is a corporate trainer – handled more than 50 foundation level programs and workshops for top level MNCs. The session focused on GROUP DISCUSSION. It is a major assessment in recruitment process today. DO's and DON'T's of Group Discussion were briefly elaborated followed by body language, attitude, leadership skill. The different types of GD topics were discussed. Finally a mock GD was conducted in which students actively participated.
