## ENGINEERING COLLEGE

# INTERNAL QUALITY ASSURANCE CELL (IQAC)

The Internal Quality Assurance Cell (IQAC) in Jeppiaar Engineering College was constituted during the year 2019, with an objective to develop a conscious, consistent and catalytic quality improvement system towards the overall performance of the institution at all levels with the involvement of all stakeholders.

## Vision

To ensure effective conduction and monitoring of academic programmes and research activities in Jeppiaar Engineering College.

## Mission

To develop and execute strategies to accomplish the vision of institution and IQAC.

## STRATEGIES

- ❖ To define and maintain consistency in quality education and to ascertain a student-centric learning environment conducive to imparting quality education.
- ❖ To solicit, format and implement feedback/ suggestions from stake holders on quality related affairs.
- ❖ To create quality consciousness among the stake holders.
- ❖ To document the steps taken and process implemented, leading to quality enhancement.
- ❖ To act as a nodal agency to coordinate quality related activities in the campus.
- ❖ Ensure internalization of the quality culture
- ❖ To consolidate the annual quality assurance report (AQAR) and to make it available for all stake holders in the college web site
