

**JEPPIAAR ENGINEERING COLLEGE
ELECTRICAL AND ELECTRONICS ENGINEERING
EVENT DETAILS**

- Two days Industrial Workshop on "Transformer & its Applications" in association with Sakthi Transformers on 01.03.2018 & 02.03.2018.

- Guest lecture in “EMERGING TRENDS IN SEMICONDUCTOR PHYSICS” on 21st Feb 2018

Resource Person: Dr. D. kalpana, Senior scientist Central Electrochemical Research Institute-Madras unit CSIR Madras Complex, Taramani, Chennai

- Department of Electrical & Electronics Engineering organized Project Expo for our first year students on 06.04.18.

-

- Our Department has signed a Memorandum of Understanding (MOU) with **National Institute of Wind Energy (NIWE)** and **National Small Industries Corporation (NSIC)**, to give more practical exposure in recent trends to our students.
- NSIC (National Small Industries Corporation) Conducted one day technical Workshop on Basic Electrical and Electronics @ 09/09/2017. The workshop conducted for **Dept of EEE**, titled “**Course on Basic Electrical and Electronics**”. In which, **41 students from second year and 25 students from third year** had participated in this workshop, attended lecturer class along with hands on training for students.

- Two day seminar and workshop on Wind Energy conversion System @ 07-08/2017 and 08/08/2017 Titled at Seminar –I: Seminar on WECS by Dr.P.Kanagavel Additional Director, NIWE. Seminar-II: Seminar on Wind Energy Technology by Mr.M.Joel Franklin Asaria, Additional Director, Standards & Certification and R&D/S&T, NIWE And also visited NIWE, Pallikaranai for practical training.

- Two days Industrial Training Programme on “Construction and Installation of Transformer”@ Place: SAKTHI TRANSFORMER - 04-08-2017

- Guest lecture on Introduction, Trends & opportunities in the space of Automation @ 12-07-2017

Resource person

Mr.Rajesh Raman & Ms.Bhuvana,
Founders of Progyaan Learning Centre & Directors of Transforth Engineering Solutions Pvt. Ltd

- One day Seminar on “Industrial Automation” Training @ EXCEL AUTOMATION SOLUTIONS On 09-08-2017

- Guest Lecture in "RECENT TRENDS ON MICROCONTROLLER (Adruino and Rassberry pi)" on 4.7.17 by RETECH Solutions pvt ltd
