About the Event

A guest lecture titled "Overview of Circular Economy Business Models and the Role of Technology" was conducted to promote awareness of sustainable business practices and the transformative role of technology in shaping circular economy frameworks.

This session offered insights into various business models that prioritize sustainability, waste reduction, and resource efficiency. Real-world case studies and implementations were discussed, making it a highly interactive and knowledge-enriching experience for the participants.

Resource Person

Ms. Dolly Sweetlin Jennifer,
Circular Policies & Green Finance Researcher
School of Sustainability – IIT Madras

Ms. Dolly provided an insightful overview of how circular economy principles can be integrated into modern businesses and how technology acts as an enabler in transitioning towards a more sustainable and regenerative economy.

Participation

The guest lecture witnessed an overwhelming response, with over 300 students from the Second and Third Year enthusiastically participating. The session sparked engaging discussions and keen interest among the attendees, who gained valuable insights into sustainability and technology-driven circular economy practices.

The active involvement and curiosity of the students contributed to the overall success of the event. All registered participants were awarded E-Certificates in recognition of their participation.

About the Event

The **Interactive Resume Building Workshop**, organized by the Department of Computer Science and Engineering in association with the CSI – Kancheepuram Chapter, was designed to empower students with essential resume-building skills required for internships and job placements. With the dynamic changes in industry expectations, the workshop focused on helping students craft professional, impactful resumes that reflect their unique strengths and competencies.

The session began with an introduction to the fundamentals of resume design, including structure, formatting, and essential sections. The resource person emphasized the importance of customization for different job roles, the use of keywords to pass ATS (Applicant Tracking Systems), and strategies to highlight technical and soft skills effectively.

This practical approach helped bridge the gap between theoretical knowledge and real-world expectations, boosting the students' confidence as they step closer to their professional journeys.

Resource Person

Mrs. Eswari Velayutham

Director – Customer Services, Jabord

HR – Tringapps, Chennai

Mrs. Eswari shared her expertise on resume structuring, personal branding, and recruiter perspectives. Her engaging and interactive approach helped students understand how to present their achievements, skills, and aspirations effectively.

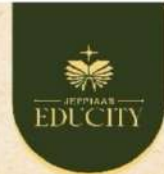

Participation

The workshop was specially organized for the **Second and Third Year CSE students**, who actively participated in both sessions and gained valuable insights on resume preparation and professional presentation. During the workshop, students prepared their resumes in real-time under the guidance of the resource person, allowing them to apply the concepts immediately and receive on-the-spot feedback.

CHAPTER TECH REVERSE

About The Event :

Tech Reverse was organised as an innovative event focused on user experience and interface design, challenging participants to re-imagine and redesign the UI of existing software applications for enhanced usability and aesthetics. Acting as a catalyst for creative thinking and problem-solving, the event provided a platform for students to apply their knowledge of design thinking, user-centered design principles, and the latest UI/UX trends to real-world software products. Through collaborative teamwork, participants worked on transforming current interfaces into more intuitive, accessible, and visually appealing solutions. The event fostered skills in prototyping, design tools, and effective user communication while encouraging the critical evaluation of existing digital products. By reworking the design of widely used applications, students gained insights into industry standards, developed a portfolio of design-driven projects, and prepared themselves for contemporary roles in UI/UX design and product development.

TECHNO - TOK Report

About the Event :

Techno Tok was organized as an internal **Ideathon** by the Computer Science & Engineering Department of Jeppiaar Engineering College in Association with Computer Society of India Kancheepuram chapter, serving as a precursor to the upcoming **Smart India Hackathon 2025**. The event aimed to provide students with a platform to think creatively and propose innovative solutions to a variety of real-world problem statements. As a key step in the selection process for national-level participation, Techno Tok fostered a spirit of innovation, critical thinking, and collaboration among participants. It offered students the opportunity to work in teams, apply their theoretical knowledge, and develop scalable, practical ideas to address pressing societal and industrial challenges. By engaging with diverse problem domains, participants enhanced their skills in ideation, design thinking, and project planning—equipping them for future roles in the tech-driven industry.

Internal Think Big And Start Smart

About the Event :

On 24th April, an inspiring and insightful event titled “THINK BIG START SMART” was conducted at the Elite Seminar Hall. This event was organized under the leadership of J. Dominic, the event head, along with co-members S. Harish Arumugam and S. Dhanush Kumar. The program was successfully executed with the support and guidance of our beloved Head of Department, Dr. J. Anitha Gnanaselvi mam

The main objective of the event was to promote the spirit of entrepreneurship among students and to ignite innovative thinking for future startups and business ideas. It aimed to create awareness about entrepreneurial opportunities and to encourage students to think beyond the conventional path.

- **Date and Duration:** 24 April 2025, 9:30 AM to 2:00 PM
- **Venue:** Elite Seminar Hall, Jeppiaar Engineering College
- **Organising :** J.Dominic(event head) Jeppiaar Engineering College
- **Excuted:** Dr. J. Anitha Gnanaselvi (head of the department) jeppiaar engineering College

About the Problem Statement :

The event was graced by Mr. Daniel Jibin Raj and Mrs. Sherly Jibin as the chief guests. Mr. Daniel, a well-known YouTuber and entrepreneur, added great value to the occasion through his presence and impactful speech. Along with them, our Principal, HOD, staff members, and student coordinators participated enthusiastically.

One of the key highlights of the event was the “Smart Thinking” session, where participants engaged in discussions and ideas on business planning and startup execution. The prize distribution ceremony recognized the talents of three outstanding winners—one from each year—who showcased remarkable entrepreneurial thinking and creativity.

The event witnessed an active participation of around 60 members, including students from various departments. The session was not only informative but also motivational, providing valuable insights into the journey of becoming an entrepreneur. The chief guest also recorded the event as part of his vlog, which was later uploaded online, adding to the excitement and visibility of the program.

The outcome of the event was highly positive. The winners and attendees gained a deeper understanding of entrepreneurial strategies, business models, and the mindset required to launch and manage a startup. The exposure to real-life experiences shared by the guests gave students the confidence to pursue their dreams in business and innovation.

In conclusion, “THINK BIG START SMART” was a successful event that served its purpose of planting the seeds of entrepreneurship in young minds. It was a memorable experience that will surely inspire more such initiatives in the future.

OBJECTIVE OF THE PROGRAM

The goal of NLP is for computers to be able to interpret and generate human language. This not only improves the efficiency of work done by humans but also helps in interacting with the machine.

BENEFITS IN TERMS OF LEARNING/ SKILL/ KNOWLEDGE OBTAINED

- Enable non-subject matter experts to find answers to their questions.

- Analyze data from both structured and unstructured sources.
- Identify the root causes of your business problems.
- Discover your most profitable customers and understand the reasons behind it.

DESCRIPTION OF THE ACTIVITY

This workshop was organized by department of Computer Science and Engineering and department of Artificial Intelligence and Data Science in association with JEC Innovation Club. The session was handled by **Mr. M.Tharik Anwar, Software Engineer Retech Solutions pvt Ltd, Chennai**. The chief guest shared his knowledge regarding Natural Language Processing.

OBJECTIVE OF THE RPA PROGRAM

Robotic process automation (RPA) is a software technology that makes it easy to build, deploy, and manage software robots that emulate humans actions interacting with digital systems and software. Just like people, software robots can do things like understand what's on a screen, complete the right keystrokes, navigate systems, identify and extract data, and perform a wide range of defined actions.

BENEFITS IN TERMS OF LEARNING/ SKILL/ KNOWLEDGE OBTAINED

Save time. Repetitive administrative tasks are a common part of many business processes. ...

Increase ROI. ...
Eliminate human error. ...
Elevate security. ...
Increase compliance. ...
Scale business process automation. ...
Employee satisfaction.

DESCRIPTION OF THE ACTIVITY

Final year of computer science and Engineering department student nivethitha has conducted the workshop on robotic automation process.

OBJECTIVE OF THE PROGRAM

The goal of a Hackathon is to create functioning software or hardware by the end of the event. Hackathons tend to have a specific focus, which can include the programming language used, the operating system, an application, an API, or the subject and the demographic group of the programmers.

BENEFITS IN TERMS OF LEARNING/ SKILL/ KNOWLEDGE OBTAINED

- Enhanced technical Skills
- Networking Skills
- Expanded Professional Development
- Innovative thinking Progress
- Exposure to present Technologies

The JEPPIAAR ENGINEERING COLLEGE of CSI student Branch conducted an Induction program on 27 August, 2020 for the first year students of CSE and IT departments. The event was organized by the CSI coordinators in the presence of Professor Dr. P.Jesu Jayarin, Dr. J. Arokia Renjit and Assistant professor Mr. A. Subhashchandar which was attended by nearly 150 students. It started with an introduction about CSI's origin and its goal, which was then followed by the speech Dr. Jesu Jayarin and Mr. A. Subhashchandar. The students were enlightened about the events that were conducted by CSI so far and how the students can grab the opportunities given to them through power point presentation. The program ended with a speech by student coordinators.

TWO DAYS QUIZ PROGRAM REPORT

A two days online quiz program on the basics of programming languages was conducted online from 13th June 2020 to 14th June 2020 organized by the Department of Information Technology. On behalf of IT department we would like to thank our Chairman and Managing Director **Dr.M. Regeena Jeppiaar B.Tech., M.B.A., Ph.D**, Principal **Dr. V. Natarajan, M.E., Ph.D.** and **Dr. P. Jesu Jayarin M.E., Ph.D.** HOD of the IT department for giving this opportunity to conduct the quiz program.

On the first day of the event we had sent the link to the users those who were registered for the competition. After that the competition would start with the set of rules. The programmers who were going to attend the quiz were set by the time. The allocated time for the quiz was 26 minutes if the programmer was crossing the time limit means the link was expired automatically. The quiz contains 25 questions. All of the questions were objectives. Each question carry one mark. If the programmer is supposed to answer the question right means 1 point is awarded otherwise no points.

In this event nearly **706 students** were registered and **409 students** participated from more than **20 different colleges**. The event is more educative and knowledgeable to the students who are more interested in programming. **The main motive of the event for students to know about their level of programming skills.**

COORDINATOR - CSI ID 01514106

M.BHARATH KUMAR is pursuing his 3rd year degree in BTECH(IT) at Jeppiaar Engineering College.

Two Days Multi Programming Quiz Competition For Programmers

Date 13 - 14 JUNE 2020

Invitation to Participants

Dear Sir/Madam.

Greetings from **Jeppiaar Engineering College, Rajiv Gandhi Salai, Chennai 600 119.**

We are glad to inform that Department of Information Technology is Organizing “ **Two days Quiz program through online** ”

Date : 13.06.2020 -14.06.2020

Topic:

5 Programming languages

Terms and Condition:

1. No Registration Fees
2. UG, PG, Students from any department can attend
3. Competition link will be sent to the registered mail-id of the participant.

4. E-Certificate will be provided to all the active participants.
5. Registration Link: <https://forms.gle/xgBB6NEjGUbT4yYK8>

Regards

Organizing Team, Department of Information Technology,

TWO DAYS QUIZ PROGRAM REPORT

A two days online quiz program on the basics of programming languages was conducted online from 13th June 2020 to 14th June 2020 organized by the Department of Information Technology. On behalf of IT department we would like to thank our Chairman and Managing Director **Dr.M. Regeena Jeppiaar B.Tech., M.B.A., Ph.D**, Principal **Dr. V. Natarajan, M.E., Ph.D.** and **Dr. P. Jesu Jayarin M.E., Ph.D.** HOD of the IT department for giving this opportunity to conduct the quiz program.

On the first day of the event we had sent the link to the users those who were registered for the competition. After that the competition would start with the set of rules. The programmers who were going to attend the quiz were set by the time. The allocated time for the quiz was 26 minutes if the programmer was crossing the time limit means the link was expired automatically. The quiz contains 25 questions. All of the questions were objectives. Each question carry one mark. If the programmer is supposed to answer the question right means 1 point is awarded otherwise no points.

In this event nearly **706 students** were registered and **409 students** participated from more than **20 different colleges**. The event is more educative and knowledgeable to the students who are more interested in programming. **The main motive of the event for students to know about their level of programming skills.**

COORDINATOR - CSI ID 01514106

M.BHARATH KUMAR is pursuing his 3rd year degree in BTECH(IT) at Jeppiaar Engineering College.
