## CONTENT

A workshop titled “*HR Insights Series*” was organized by the Department of Management Studies, Jeppiaar Engineering College, on 4th February 2026 at the Tedx Hall for first-year MBA students. The session was delivered by Mr. Ashok Kumar Ayyappan.

The programme began with Tamil Thai Vazhthu, followed by the felicitation of the guest. The speaker shared his professional journey and provided practical insights into key HR concepts such as labour laws, employee engagement, compensation, promotions, rewards, standard operating procedures, and work-life balance. He also highlighted modern HR trends including digital transformation, HR analytics, and employee-centric practices.

The interactive session enhanced students’ understanding of real-world HR practices and industry expectations. It contributed to the development of management knowledge, analytical and decision-making skills, communication, leadership, professional ethics, and digital competency.

Overall, the workshop was informative and engaging, helping students bridge the gap between theoretical learning and corporate requirements.

## PHOTOS OF THE EVENT

## **OUTCOME OF THE ACTIVITY**

The workshop enabled students to gain a practical understanding of key Human Resource Management concepts such as labour laws, employee engagement, compensation management, and workplace practices. It enhanced their awareness of real-world HR functions and current industry expectations, while also improving their analytical thinking and problem-solving abilities. The interactive nature of the session strengthened their communication and interpersonal skills, and provided exposure to modern HR trends, including digital tools and analytics. Overall, the workshop helped students develop leadership qualities, professional attitude, and confidence, preparing them to adapt effectively to corporate environments and pursue careers in the HR domain.

<b>ORGANIZATION</b>	<b>Infinite Possibilities, Dubai</b>

## **CONTENT**

The Department of Management Studies, Jeppiaar Engineering College, organized a workshop titled “*Art of Achieving Your Dreams*” on 16th February 2026 for the first-year MBA students. The session was conducted by Velu Arumugam, an experienced trainer in motivation and personal development.

The programme commenced with Tamil Thai Vazhthu as a mark of respect to cultural tradition, followed by the introduction of the resource person. The session was then handed over to the speaker, who began by sharing insights on the importance of having clear goals and a strong vision to achieve success.

During the workshop, the speaker emphasized that achieving dreams requires clarity, determination, and consistent effort. He highlighted the importance of self-belief, positive thinking, patience, and perseverance in overcoming challenges. He also explained how proper planning, time management, and continuous learning contribute to both personal and professional growth.

A key focus of the session was the role of a positive mindset. The speaker explained that optimism improves mental well-being, enhances decision-making, and helps individuals handle stress effectively. Students were encouraged to focus on solutions rather than problems and to take consistent action toward their goals.

### **Workshop Activities**

As part of the session, the speaker conducted practical activities to enhance self-awareness and goal clarity. Students were given a **six-page self-analysis worksheet** to reflect on their strengths, weaknesses, aspirations, and future goals. Additionally, students were instructed to create a **vision board** using charts, printed images, and creative cut-outs. This activity helped students visually represent their dreams and plan actionable steps toward achieving them.

The workshop was highly interactive and engaging, with active student participation throughout the session. These activities enabled students to connect theoretical concepts with personal application, making the session more impactful.

## **PHOTOS OF THE EVENT**

## **OUTCOME OF THE ACTIVITY**

The workshop enabled students to develop a clear understanding of goal setting and the importance of self-belief in achieving success. Through the self-analysis activity, students gained deeper insight into their strengths, weaknesses, and personal aspirations. The vision board exercise helped them translate their dreams into visual and actionable goals, enhancing clarity and focus. The session also improved their positive thinking, motivation, and resilience to face challenges. Overall, the workshop strengthened students' confidence, planning ability, and commitment toward achieving both personal and professional goals.
